

Cory Schamble

I am a professional User Experience (UX) Designer with over ten years driving product strategy and delivering end-to-end design solutions across web and mobile platforms, including AI-powered features and agent systems.

EXPERIENCE

Automatic Data Processing (ADP) — Lead UX Designer, Data Solutions

2016 - PRESENT | Parsippany, NJ

Lead UX strategy and design for analytics products, translating complex data information into simple user workflows across AI interfaces, LLM tools, and traditional data visualization dashboards.

- Partner with product, engineering, and user research leads to align on problem(s) to solve, define user personas & requirements, and assess feasibility to deliver scalable, user-centered solutions that meet business objectives.
- Collaborate with other functional design teams to establish company-level design system standards for analytics-focused UX/UI.

» **Noteworthy:** Patented Inventor issued for two ADP products

Mercer — Web/Visual Designer, Associate

2012 - 2016 | Hoboken, NJ

Worked with Mercer's lines of business stakeholders to design & develop the company's internal and external-facing web pages.

» **Noteworthy:** Designed "Who Sees My Post?" infographic published in the book, "Social Collaboration for Dummies" by Wiley Publishing Co.

Blacktooth Design — Freelance Designer

2005 - 2022 | blacktoothdesign.com

Owner/Operator of independent design firm, providing print and web consulting services to both small and Fortune 500 companies across various industries.

EDUCATION

William Paterson University — Bachelor of Arts, Graphic Design.

2008 - 2012 | Wayne, NJ
